

ELLIS ISLAND: DREAM OF AMERICA

Math Lesson, Post Performance Activity
Grade Level: 5
Developed by Pat Turner, WOWW Representative

OBJECTIVE

Interpret information and data from Social Studies to solve problems.

MATERIALS

Liberty, book by Dona R. McDuff, part of the 4th Grade Scott Foresmen Reading Textbook Series
Macmillan McGraw-Hill Texas Mathematics sample teacher's edition

PREPARATION

Review the history of the building of the Statue of Liberty by having the class read and discuss the book, *Liberty*.

PROCEDURE

Ask students to read p.176 in Macmillan Math textbook sample and answer two questions in left TE column. Assign the exercises on p.176. Assign Real-World Math Problems on right-hand side of p.177.

EVALUATION

Student responses to assigned problems

PRACTICE

Have students create a word problems that uses the information found in the text.

TEKS

Math 5.3; 5.14A
Social Studies 5.18A
